

# Nourish Retreats

---

Nourish your intentions, yourself, and  
bring new energy to your purpose in  
these unique seasonal women's  
mindfulness retreats.

# Nourish as Intention

Nourish Retreats are centered around developing mindfulness through nourishing ourselves by investing in self care and caring for each other.

Each retreat is designed around the values of wholeness, connection, investing in mindfulness, and building support for individual capacity-building through interconnection and collaboration.

Throughout each 4-day journey, we will work together to build a *Community of Care* through acts of nourishing each other during each activity and meal.

The first meal will be hosted by your Retreat Guides. The rest of the retreat meals will be accomplished through Cohort teamwork and reciprocal creativity and generosity.
